Comprehensive Clinical  
and Surgical Gynecology

Board Certified in  
Obstetrics & Gynecology

November 17, 2017

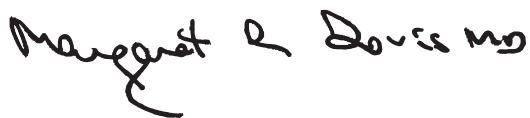

Dear Patients:

It has been my utmost pleasure and privilege to care for you these many years. But now, after 40 years with the practice of medicine, I am planning retirement effective December 29, 2017. I highly recommend that you remain with the Fairfax Gynecology Group for your continued care—that being the case you need not take any action regarding your records.

We understand that you may choose to select another physician elsewhere. If so, you will need to sign an authorization form for release of your medical records. Our staff will do everything necessary to make sure the transition is smooth and stress free.

As I move forward with anticipation and excitement into the next phase of my life, I will carry with me all of the countless stories and lessons you have shared these many years. Your trust and loyalty have been invaluable. I wish you all continued good health in the years to come!

Sincerely,

Margaret R. Davis, M.D.  
Fairfax Gynecology Group
